

FREdome Visionary Trust

...a shared way forward

Make a better world for the young to inherit, by launching the community's most beneficial ideas.

C-Green Solutions – Carbon Cycling Project

in support of research by Global-Eco

converting carbon from the air and sea nutrients into world resources

I would like 90% of my contributions to be passed directly to Global-Eco, and 10% to be retained for promotion and administration of this work.
